OUR STORY

True North® is a family-owned and operated company founded in 1992 by Alyx Fier, and DragonWear® is a division of True North®. True North® has grown from a one-man operation to an ISO 9001:2008 registered company whose products are distributed worldwide. In addition to backpacks and bags for Firefighters and SAR under the True North® label, our products include a broad range of fire-resistant clothing under the DragonWear® label. Though we've grown, our headquarters are still in Seattle, Washington, just up the street from the garage where we started.

From the beginning True North's philosophy has been to provide innovative products at competitive prices, then back them up with a lifetime warranty and great customer service. It's not rocket science, just treating people the way we want to be treated.

The praise and the criticism we've received over the past two decades has helped make us who we are today. If you've ever felt there was some way to improve our products or service - even if it's only a little bit - we'd appreciate you taking a moment to share your thoughts. Give Alyx or me a call at 800-873-5725 or visit us at www.dragonwear.com.

Sincerely,

Steve Misiano, President

YOUR PROTECTION

CAT 1

Single base layer of FR protection. Required minimum Arc Rating 4 cal/cm². PPE Categories are used to determine the necessary arc rating of a garment worn during a given job task.

CAT 2

One or more layers of FR protection. Required minimum Arc Rating 8 cal/cm². PPE Categories are used to determine the necessary arc rating of a garment worn during a given job task.

ANSI 107

American National Standards Institute industry standard that specifies requirements for high-visibility safety apparel and headwear that is capable of visually signaling the user's presence. Dragonwear® meets Class 2 and 3, Level 2.

CSA Z96

Canadian Standards Association requirements for high-visibility safety clothing for Canadian workers. Dragonwear® meets Standard z96-09, Class 2.

NEW LOGO

You may have noticed our new logo on the cover of our catalog. We're proud to introduce our new look because it aligns with our tradition of making your safety our primary focus. The new badge-style logo will allow immediate visible confirmation that workers are wearing correct PPE for the job, ensuring safety and inspiring confidence in any environment. *Look for the new logo to debut on clothing in Fall 2015.*

OUR PROMISE

All True North® products are covered by a lifetime warranty against defects in materials and workmanship. We will repair or replace any gear with a manufacturing defect for the practical lifetime of the product, free of charge. Damage due to wear and tear may be repaired at a reasonable charge.

HOW TO BUY

WWW.DRAGONWEAR.COM

PHONE: 800-873-5725 (8AM-4PM PST)

The best way to see our complete line of products is online at our website www.dragonwear.com. You'll find searching online fast and easy to navigate with detailed descriptions, read reviews, locate a dealer near you, purchase through online dealers, or learn more about our company.

GSA

GSA establishes long-term government wide contracts with commercial firms to provide access to millions of commercial products and services at volume discount pricing. Go to www.gsaadvantage.gov for purchasing.

NFPA 70E

National Fire Protection Administration standard for electrical safety in the workplace.

NFPA 1977

National Fire Protection Administration standard for wildland fire fighting.

NFPA 2112

National Fire Protection Administration standard for protection of industrial personnel against flash fire.

MADE IN NORTH AMERICA

All DragonWear garments and accessories are proudly sewn in North America, and utilize many of Polartec's union-made fabrics.

DRAGONWEAR® FR LAYERING SYSTEM

PROUD TO USE UNION-MADE
POLARTEC® FABRICS
